

LASERGO MEMORY BOARD

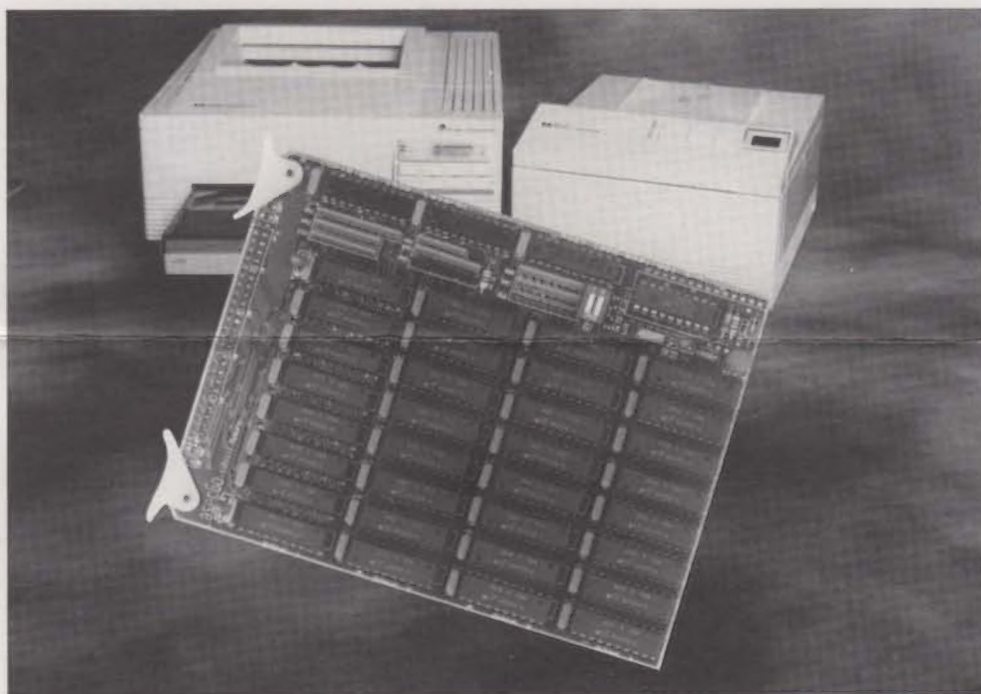

Attention:
HP LaserJet Users!

All the Memory Your Printer Will *Ever* Need

The LaserGo Memory Board gives your HP LaserJet IIP or III the memory it needs to tackle your toughest print jobs.

If you want to print full-page 300 dpi graphics, PostScript® language files, complex pages with downloadable fonts, desktop publishing and CAD/CAM files, or if you share your printer, your LaserJet Series IIP or III needs the extra memory the LaserGo Memory Board provides.

The LaserGo Memory Board is the most flexible and cost-effective product of its kind on the market today. Invest in the amount of memory you need for TODAY; when your applications change, the LaserGo Memory Board is ready. It is easy to install and to upgrade. Upgrade to 2, 3 or 4 full megabytes in minutes.
